## Note:

Service Pack 12102010 for AccuMark V8.4.1 which adds rule table column to Cad_Piece_Details table when next save a model in AccuMark.
To manually add the column run this script:

'ALTER TABLE Cad_Piece_Details ADD Rule_Table_Name VARCHAR(64) NULL GO'

*AccuMark 8.5.1 pushes additional marker information:*

1. *Cad_Marker_Details table new columns are added to the end of the table*
   - *laylimits table*
   - *block/buffering table*
   - *matching table*
2. *Cad_MK_Size*
   - *Ordered size names*
3. *Cad_MK_Model*
   - *Model Option name*
   - *Size Code Table*
4. *Cad_MK_Piece*
   - *Model_code is now being updated and not left as NULL*
